ABOUT WILLIAM PHIPPS & KAREN KUENNING

The Healing Key Way training is the product of collaboration between William Phipps, M.S., Karen Kuenning, M.S., L.P.C. and Spirit.

William (Bill) graduated with a B.S. from Brigham Young University (1975) and an M.S. in counseling from the University of La Verne (1986). An unassuming teacher, he shares the accumulated wisdom of years of searching, learning and teaching in the areas of spiritual healing and growth. His path of spiritual preparation includes varied studies and experiences with indigenous healers and teachers, as well as spiritual Masters; including India's Sri Vijayeshwari Devi, also known as Karunamayi or Amma, the Hugging Mother.

Bill's other trainings include Metaphor Therapy, Clinical Hypnosis, Eye Movement Desensitization and Reprocessing, Thought Field Therapy, Reiki, Spirit Releasement Therapy, Healing from the Body Level Up, Tapas Acupressure Technique, Guided Self-Healing, Soul Retrieval, Reconnection, and Seemorg Matrix Work.

"Making the decision to take the Healing Key Way class has been one of the most positive life changing things I've ever done. I've grown as a person, deepened my spiritual connection to Source and made valued friendships. Now, as a Healing Key Way practitioner... I see myself using these skills to aid myself and others for the rest of my life."

—Judy M.

"The training for Healing Key Way is a special mixture of learning and accelerated personal healing... learning how we humans are wired, about our conscious and subconscious interactions... about our energy fields and how to protect and manage our energy flow... about the many unseen beings who inhabit the same energy space we do and how to tell if they are helpful or harmful. Accelerated personal healing happens when we're doing Healing Key Way sessions with other trainees in an atmosphere of divine support..."

—Jari S.

Once a part of the traditional mental health system, Bill now works solely as an ordained minister. Ordained under the auspices of the late Reverend William Baldwin, Ph.D., co-founder of the Center for Human Relations.

Karen comes to this work as a Licensed Professional Counselor with undergraduate work in pre-medicine, environmental studies and psychology. She received a B.S. in Psychology (1975) and an M.S. in counseling (1977), both from the University of Oregon.

As an accomplished teacher, Karen shares Bill's enthusiasm and gratitude in bringing to the students her experience, knowledge, intuitive gifts and the wisdom learned along her own spiritual path. She has developed and facilitated numerous groups, including energy-based healing groups. Having witnessed that some of the most profound spiritual healing and growth is experienced within groups, she is especially excited to include this dimension in the training.

Her spiritual journey began prior to age five with profound connection to and awe of the larger Universe, the Earth, and Earth's life forms. This is reflected in her early, varied studies in science and ecology and in her deep involvement with nature. Her path evolved to include numerous trainings and studies; and mentoring with indigenous healers, spiritual teachers and Masters.

Karen's other trainings include Eye Movement Desensitization and Reprocessing, Tapas Acupressure Technique, Thought Field Therapy, Emotional Freedom Technique, Neuro-Linguistic Programming and Hypnosis, Healing from the Body Level Up, Guided Self-Healing and Seemorg Matrix Work (she is an advanced level practitioner in many of these).

Karen and Bill have worked and trained together for over a decade. Their combined knowledge and expertise in alternative healing is extensive. Their synergy provides a unique, supportive and often humorous environment for student learning.
